

Kelley Kronenberg Hosts Grand Opening for New Corporate Headquarters

35,000-square-foot, two-story office building in Broward County supports the firm's continued growth **Fort Lauderdale** -- Kelley Kronenberg, a diverse business law firm, recently hosted a grand opening event for its state-of-the-art corporate headquarters. More than 300 invited guests attended the catered affair and helped the firm celebrate the opening of its new 35,000-square-foot home located at 10360 West State Road 84 in Davie. "It brings me great joy to celebrate this significant milestone," said Heath Eskalyo, CFO and principal partner who spearheaded the project for the firm. "Our new headquarters gives us the capacity to continue growing while enabling our team to better serve clients." Eskalyo continued: "We have created a modern workspace that supports the firm's efforts to promote and cultivate an inclusive environment where we celebrate diversity, families and work-life balance." The new structure emphasizes an inspiring workspace thoughtfully curated to foster collaboration and client convenience. The facility features private office suites, as well as collaborative workstations, in a space with distinctive architecture and progressive design elements. The lobby boasts an architectural staircase that leads to a glass-panel balcony. There are two large conference areas that can transform into one great room for events, significant co-working common spaces, or smaller spaces to gather for informal brainstorming sessions in a relaxed atmosphere, as well as a dedicated education center for employee training. The first floor also includes a mock courtroom, equipped with cameras and monitors that enable clients to participate in trial preparation remotely if they are not available to visit in person. Perhaps most impressive, the building features a rooftop terrace that incorporates landscaping, canopy-covered kitchen, and bathrooms. The rooftop provides an open-air venue for Kelley Kronenberg employees to gather, eat and conduct meetings, as well as host client and firm events. Another popular addition for the firm's staff includes an employee café, complete with large TVs and modern, casual seating to serve as a common area for employees to take a break and share lunch with their co-workers. Cabrera Ramos Architects of Doral designed the new headquarters. Alvarez Studios in Miami designed the interiors. The general contractor was Miller Construction based in Fort Lauderdale. Michael and Tyler Harrison of Equistone Partners served as development advisors, and SunTrust provided the construction loan. As Kelley Kronenberg celebrates the opening of this new space, it also marks another milestone. In October 2019, the firm reached the 300 employee mark. This includes more than 140 lawyers practicing throughout Florida and Illinois.
