

## ***Kelley Kronenberg Supports Cerebral Palsy By Participating in STEPtember***

---

Kelley Kronenberg is thrilled to announce that the firm will once again be participating in [STEPtember](#). STEP-tember is a global health and wellness fundraising event to support life-changing cerebral palsy research. The event challenges your organization and employees to take 10,000 steps a day. The challenge runs from Monday, September 1 through Sunday, September 28, 2020. We're proud to be a returning STEPtember corporate partner, and we're proud that our partnership reflects our values – employee health and well-being, diversity, collaboration, and giving back. Last year, Kelley Kronenberg had 122 participants, logged 26,103,735 steps, and raised \$4,165 for STEPtember. All funds raised by participants are used to support cerebral palsy (CP) research in the United States. Cerebral palsy is the most common childhood-onset physical disability in the world. It's caused by damage to the developing brain during pregnancy, birth, or shortly after birth, and it directly affects a person's movement and posture for life. ###
