

## *Law Klinik for Young Attorneys*

---

### **New Law Klinik program at Kelley Kronenberg**

Kelley Kronenberg launched an initiative where newly licensed Attorneys across the State of Florida get to partake in its first-ever Law Klinik program. The Klinik is a 4-week program for newly licensed attorneys to be immersed in Kelley Kronenberg's culture and receive comprehensive training in the area of [First-Party Property litigation](#). The first Klinik class of 2021 started out small, allowing for one-on-one training from some of the top Partners and Attorneys in the Firm. After successful completion of the Law Klinik, members become Associates with the firm and placed with a specific team to independently handle a First-Party Property caseload, alongside an experienced Partner.
