

Summer Associate Program

Each summer law school students have the opportunity to rotate through 3 business units, across 10-weeks, enabling them to gain a wide range

of experience from multiple practice areas and leaders.

The goal of this program is to serve as an educational platform where law students learn and receive guidance as to what a first-year associate can expect. This will give them a glimpse of true client work, as well as additional professional development, and training.

Led by Partner and Business Unit Leader [Louis Reinstein](#), students will get 1:1 exposure and training with a real-life experience.
