

Occupational Accident Insurance Defense

Our attorneys are well versed in insurance policies of all types, including Occupational Accident Insurance policies and Truckers Occupational Accident Insurance policies. These unique insurance policies insure non-employees, including independent contractors, owner-operators, and contract drivers for occupational accidents. These policies are paid for by the non-employee and are not a workers' compensation policy.

Our services are tailored to each client's specific needs regarding claims brought under these policies. Our attorneys handle the speedy negotiation and efficient settlement of claims, and prepare case-specific settlement and release documents once a settlement is reached.

Our attorneys offer decades of combined experience to meet the unique needs of our insurance clients.

Within our extensive insurance defense practice, Kelley Kronenberg combines its broad experience and strategic planning skills to achieve the best possible outcomes for clients.

We cost-effectively and zealously represent carriers and their insureds against erroneously filed workers' compensation claims brought by the non-employees. When necessary, our attorneys also work diligently to obtain a favorable trial verdict on behalf of our clients.
